Annie Apple is a very important talking apple because she knows how to appear in words and make a special sound in them. It's the same sound you can hear at the start of her name, 'ă'.

Annie Apple lives in an apple orchard in Letterland. She has lots of animal friends. Can you see an anteater, an alligator and an antelope? She also has other amazing visitors. Sometimes an acrobat swings by or an astronaut drops in! The only visitors Annie doesn't like are the ants when they tickle her.

Mr A, the Apron Man, looks after all the Letterland apples. He gathers the talking apples in his apron. Can you see Annie on an Applestand at the top of this page?
