

# Annie Apple's rescue act

**1** Annie Apple is swinging in her tree

**2** She looks across to the farmer's house

**3** Annie spots something at the attic window.

**4** "Is that an animal up there?" she asks.

**5** Annie tells Firefighter Fred what she's seen.

**6** Fred gets his ladder and climbs up to the attic.

**7** Look, he's found one of Kicking King's kittens on the window sill. How did she get up there?

**8** Just as well Annie Apple spotted her or she'd be there still! Can you see how the kitten climbed up to the attic?
